**'Authentic, with a love of nature'**  
**BULAGGI's Spring | Summer 2020 collection**

The 2020 Spring | Summer collection includes a bag for every woman. This collection consists of the lines Let's start Fresh, Ode to our Seas and Stick to your Roots, and blends seamlessly with the 2020 summer trends. Ranging from the new femininity – pure, with an innate softness (refer to Roxy, page 3) – to blue shades combined with materials reminiscent of water (refer to Puff, page 16).

All of this is expressed in a contemporary, stylish and affordable collection produced with scrupulous attention to detail. BULAGGI understands what women want, and offers a range of affordable, on-trend, high-quality bags with special extras for all occasions.

At BULAGGI, we strive to live up to expectations and promises, so the love of nature is not only expressed in the look of our latest collection but is also reflected in the production process of our bags. For example, our bags are made from vegan fabrics.

*'All BULAGGI bags are made from high-grade PU. We take account of sustainability as part of our role in the fashion industry and all our bags feature a refined finish so that women will want to use and re-use them for a long time. And it goes without saying that each of our collections reflects our passion for colour, comfort and quality'. – Annemarieke Schouten-Walraven, Bulaggi owner and designer.*
