CAMPER FOR KIDS

Camper for Kids is dedicated to creating fun, everyday styles that provide comfort and support while maintaining the brand's high standards of quality and design.

Founded over forty-five years ago, Camper is a Spanish footwear company from the island of Mallorca. Each seasonal collection is developed by a team of skilled designers and technicians at the brand's headquarters in the heart of the island. A family-run business committed to creating original and unconventional concepts, Camper is one of the world's leading footwear design companies with stores and distribution in more than forty countries.

F/W 2022

The Fall/Winter 2022 Kids Collection is inspired by outdoor adventures in nature and on the playground. Through playful discovery and free expression, children can experiment and learn with games, crafts, and youth clubs in natural and alternative educational settings.

FIRST WALKERS

The First Walkers collection features flexible-yet-sturdy styles made especially for toddlers taking their first steps.

Featuring easy-fit designs with outstanding materials and support, the First Walkers collection is developed to respect the natural growth of children's feet.

TWINS

Highlighting our playful approach to design, TWINS emphasizes individuality and fun in unique styles that kids love.

Back in 1988, we challenged the idea that shoes must be identical with TWINS, an asymmetric concept in which the right shoe is different from the left.

This season TWINS explores the outdoors with a selection of winter-ready styles that put a mismatched twist on flowers, creatures, and insects.

A Little Better, Never Perfect

At Camper, we strive to make high-quality footwear that lasts.

We're committed to crafting durable products that strike a balance between design and sustainability. Since the launch of our first-ever shoe Camaleon in 1975, we've been experimenting with better materials and processes that minimize our environmental impact and increase our transparency from source to store.

Our F/W 22 collection incorporates better materials to eliminate virgin plastics where possible. Chrome-free linings certified by the Leather Working Group feature alongside innovative fabrics like coffee yarn and bamboo.

Better Materials

LEATHER

100% of the leather we use in our collection is certified by the Leather Working Group (LWG), an organization that assesses and promotes more responsible environmental practices across the leather industry.

CHROME-FREE LININGS

We use chrome-free linings that are suitable for even the most sensitive skin types.

NON-DYED LEATHER

We use non-dyed leather produced via more simplified production processes to help reduce our carbon footprint. Non-dyed leather is breathable, free of chemicals, and gentle on the skin.

BETTER OUTSOLES

We design our outsoles with a blend of fully natural components like rubber and recycled plastics including TPU and EVA.

BAMBOO LININGS

Bamboo linings are a 100% organic material that is produced without any pesticides or hazardous chemicals.

ZERO VIRGIN PLASTICS

As part of our mission to eliminate virgin plastics from our collections, we use recycled PET to help reduce our carbon footprint.

RUNNER FOUR

Inspired by our first-ever sneaker, our Runner for kids combines a durable go-anywhere design with a more natural approach.

A more natural approach

BETTER FOR THE PLANET

Uppers

100% LWG-certified leather with non-dyed, chemical-free leather options

BETTER FOR YOU

Linings

Options with bamboo linings that are 100% organic, chemical-free, gentler on skin and the environment.

CARBON FOOTPRINT REDUCTION

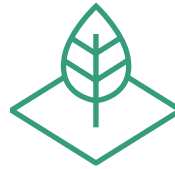

Outsoles

Composed of 20% recycled rubber to help lower our carbon footprint.

MAKE IT LAST

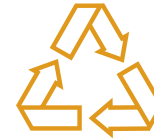

100% of our leathers are LWG certified.

MAKE IT NATURAL

100% of our leather linings are chrome free.

We have introduced non-dyed leather and bamboo linings to our collection.

MAKE IT CARBON NEUTRAL

Almost 100% of our textiles are virgin plastic free.

23% of our Kids Collection has Better Outsoles.
