AUTUMN/WINTER 2022

Scholl is the emblematic footwear brand with 100+ years of experience, handcrafted & designed in Italy. In 2021, Scholl has reintroduced its most iconic model: The Pescara.

The model is deeply rooted in the heritage of the brand and unites haute aesthetics with comfort. The brand's past is translated in highly contemporary styles that capture the spirit of the 21st century defined by the double duty approach of taking you from your home to the streets, from the relaxed indoors to the great outdoors and from the country to the city.

Celebrating the timeless fashion sense of the Pescara sandal, Scholl developed a new collection for A/W 2022 combining the iconic product with other fashion styles.

The Pescara – a masterpiece since the 60s and the future statement of Haute Comfort.

The Pescara with its signature wooden sole combines a fashion sensibility with the need for comfort in today's ever evolving world for a generation that is on the move. May this be in real life or in digital spheres, Scholl iconic's Pescara designs represent a sense of escapism with an urban attitude while embracing its past.
