WeCare

Sustainability is close to our hearts. Our motto: **WE CARE**. For **PEOPLE**, the **PLANET** and the **FUTURE**. A shoe must meet two criteria to qualify for "WE CARE" status: Firstly, it must be made from leather from responsible leather production. The tanners are certified by the Leather Working Group*. Secondly, the production must be made predominantly from recycled polyester textiles based on PET bottles.

*Leather Working Group: Certification of leather production based on ethical, social, occupational safety and animal rights standards.

Vegan

THE alternative for vegan customers:
all **VEGAN** models are made of 100 %
materials of non-animal origin. A great
way to combine fashion, love of animals
and sustainability!

Fit & Relax

Pure relaxation and exceptional comfort – that is what **FIT & RELAX** delivers. The soft upper material, the wide fit in the forefoot and ball area and the OrthoLite insole make these shoes unrivalled in comfort.

OrthoLite®

Say goodbye to tired feet! The **OrthoLite** cover sole brings ultimate wearing comfort thanks to energy recovery. Due to the bounce-back from the padded sole, 40 % of the energy consumed while walking is recovered, setting new standards of comfort.
